

Announcement

29th International Symposium on *Metastable, Amorphous, and Nanostructured Materials* (ISMANAM 2025)
June 22–27, 2025 | Bratislava, Slovakia

We have the honor to announce the 29th International Symposium on *Metastable, Amorphous, and Nanostructured Materials* (ISMANAM 2025), set to take place in the historic city of Bratislava, Slovakia. This symposium brings together leading researchers, industry experts and scientists from around the globe to discuss ground-breaking advances in metastable materials.

About ISMANAM 2025

Since its inception in 1994, ISMANAM has served as a premier platform for sharing knowledge on metastable, amorphous and nanostructured materials produced through various advanced techniques such as rapid cooling, mechanical alloying, and thin-film deposition. The 2025 symposium will offer a dynamic program featuring plenary and invited lectures, oral presentations, and poster sessions supplemented by diverse social activities.

Conference Themes

- Materials: Metallic and non-metallic glasses, amorphous materials, nanocrystalline materials, low-dimensional and complex alloys, among others,
- Processing Techniques: Rapid solidification, additive manufacturing, thermomechanical processing, and surface treatments,
- Characterization and Analysis: Diffraction and microscopy techniques, thermal analysis,
- Computational Modeling: Atomistic simulation, machine-learning applications,
- Applications and Properties: Exploring physical, mechanical, and chemical properties and applications of metastable materials,
- Any other themes/topics relevant to the interests of the ISMANAM community

Important Dates

- Abstract Submission Open: December 12, 2024
- Abstract Submission Deadline: March 31, 2025
- Acceptance Notification: April 14, 2025
- Early Bird Registration: March 17 – April 28, 2025
- Regular Registration Open: April 29, 2025
- Conference Dates: June 22–27, 2025

Venue

The conference will be held in the stunning Primatial Palace and the historic City Hall, situated in Bratislava's Old Town. These venues are equipped with modern conference facilities, including high-quality audiovisual equipment and teleconferencing capabilities. Their central location offers easy access to public transport, restaurants, and attractions.

About Bratislava

Bratislava, the capital of Slovakia, is a charming and vibrant city located on the banks of the Danube River. Known for its blend of medieval architecture and modern attractions, the city's history stretches back to Roman times and has been shaped by diverse influences, including Celtic, German, and Hungarian cultures. Visitors can enjoy the picturesque Old Town with its narrow cobblestoned streets, explore iconic sites like Bratislava Castle and Devin Castle, and experience a lively atmosphere in the city's cafes and traditional restaurants. With excellent accessibility via air, train, and road, Bratislava is an ideal destination for both conference participants and tourists.

Committees

Steering Committee:

The membership is under review. The current membership is:

- Walter José Botta Filho, Brazil
- Jürgen Eckert, Austria
- A. Lindsay Greer, UK
- Akihisa Inoue, Japan
- Ken Kelton, USA
- Tadeusz Kulik, Poland
- Jörg Löffler, Switzerland
- Nicoleta Lupu, Romania
- B. S. Murty, India
- John Perepezko, USA
- Paola Tiberto, Italy

Conference Organizing Committee:

Irena Gejdoš Janotová, irena.janotova@savba.sk

Dušan Janičkovič, dusan.janickovic@savba.sk

Igor Mat'ko, igor.matko@savba.sk

Peter Švec, peter-svec@savba.sk

Peter Švec (Sr.), peter.svec@savba.sk
